

Ford HIM Module supply changes:

Injectronics have changed the way we supply the popular Ford HIM modules. These changes remove the need for programming the unit as heater only, single or dual zone.

This ensures customers are fitting the correct part number (early & late models differ in calibration software), and will avoid errors with the repairer uploading old / early calibration software into later model part numbers which can damage the replacement module.

After installation of an Injectronics, pre programmed HIM, the ICC display will work but the airmix door position requires resetting.

The customer will only need to disconnect the battery for 5 seconds, reconnect battery, then using a scantool, check and clear any fault codes in the HIM. This will cause the HIM to set the airmix door position and operating parameters automatically. Disconnect scantool and check climate control operation.

GREY HIM PART# 3R2319C933AA/B/C

Where 3R stands for first 2 digits of OE Ford part #

Part Numbers:

HIM3RMCO – MANUAL CLIMATE CONTROL/SINGLE ZONE

HIM3RHCO – AUTOMATIC CLIMATE CONTROL/DUAL ZONE

Fitment / applications:

SX 2003-2005/SY 2005-2010 TERRITORY suits all variants TS/TX/GHIA/TURBO/SR/SR2/FPV F6X

BA 2002-2005 FALCON suits all variants of FALCON UTE/FALCON/FAIRMONT/FAIRLANE/LTD/XR6/XR6T/XR8

BF 2005-2008 FALCON suits all variants of FALCON UTE/FALCON/FAIRMONT/FAIRLANE/LTD/XR6/XR6T/XR8

GREY/BLACK HIM PART# 8R2919C933AA/B/C

Where 8R stands for first 2 digits of OE Ford part #

Part Numbers:

HIM8RMCO - MANUAL CLIMATE CONTROL/SINGLE ZONE

HIM8RHCO - AUTOMATIC CLIMATE CONTROL/DUAL ZONE

Fitment / applications:

FG MK1 FALCON 2008 up to OCTOBER 2011 suits all variants The specific models included the Falcon XT, the luxury G6, G6E, G6E Turbo, and the sports XR6, XR6 Turbo and XR8. The ute variants included the base Falcon Ute, R6, XR6, XR6 Turbo and XR8

Feel free to contact the 'Tech Support' line for further clarification if required.

Injectronics

ABS Modules

Injectronics repair, remanufacture and stock a large range of ABS modules to suit a vehicles from Audi to Volvo and all those in between.

Air flow meters / Mass meters

Injectronics can test, repair and remanufacture many brands of Air Flow Meter (AFM) and Air Mass Meter (AMM), including Bosch, Siemens, VDO, Hitachi, Mitsubishi, Delco, Delphi, Jecs, Nippon Denso, Kefico and Lucas

Immobilisers & keys

All late model vehicles now incorporate an immobiliser system. These are often failing, causing a no start situation. In injectronics we exchange immobilisers in stock as well as offering a speedy repair service. We can program keys to immobilisers and have a large range of keys in stock as well as resynchronising immobilisers to ECM's and BCM's.

Climate control & HVAC

Injectronics repairs and stocks a large range of interior fan speed control modules and electronic climate control modules. Also known as Heating, ventilation and Air Conditioning modules (HVAC). Call now to check stock.

Heavy Duty & Diesel

Truck and trailer ABS modules, air mass meters, electronic EGR valves and climate controls. All make up our range of heavy duty & diesel product offerings. We can also supply a range of electronic turbo controls including brands such as Hella, Holsat and Mitsubishi.

ECM & PCM

An ever expanding range in stock. Common modules can be tested on the Injectronics designed Virtual Automotive Simulator (VAS). Providing accurate pin by pin testing and programming, and comprehensive full function test.

Body control modules

Injectronics have a huge range of Body control modules (BCM's) in stock. All are supplied with fitting / programming instructions

Instrumentation

Behind the instrument display in a modern motor vehicle is usually a highly complex circuit board with many functions. In injectronics we can repair many types of these, including Mercedes Benz, BMW, Audi and many other popular vehicles.

Air Control

A large range of genuine OEM Electronic Throttle Bodies, as well as remanufactured units are available from Injectronics. Along with Idle control units for vehicles such as Volvo, BMW, Mercedes Benz, Mitsubishi, Hyundai, Holden, Jeep, Kia and many more.

Injector Components

A comprehensive range of Fuel Injector Components which include an extensive range of Injector repair kits, along with an assortment of pintle caps, insulators, spacer washers, buffer and body seals, filters, upper and lower seals, o rings and more.
